

DISCONTINUE MOVEMENT

East Hanover Presbytery Will Collect No Longer for Twentieth Century Fund.

THE LACK OF CO-OPERATION

Presbyterians Did Not Participate and the Movement Has Practically Come to End.

A widespread failure to realize the importance of a movement that at first promised much for the Presbyterian schools of the State, has led East Hanover Presbytery to discontinue its collections for the Twentieth Century Fund and to call for a settlement of accounts that practically means an end of the whole matter.

About three years ago the Synod of Virginia undertook to raise a large sum—\$150,000 or more—in the interests of Christian education. It was to be known as a Twentieth Century Fund. The movement was a striking one, and it swept over nearly all the synods of the South. What the other synods have done cannot be said. In Virginia there seems to have been a general lack of co-operation. The responsibility for this condition is not indicated, but the condition exists.

It must not be supposed, however, that the movement was entirely without fruit. Several of the Presbyteries have raised considerable sums, which will be devoted to various schools. The amount apportioned to East Hanover Presbytery was \$27,500. Of this about \$35,000 has been subscribed. The money goes to Union Theological Seminary, in this city, and Hoge Military Academy, in Blackstone, Lexington Presbytery has raised a good sum for Perkins College, W. Va.; Abingdon Presbytery for the Stonewall Jackson Female Institute at Abingdon, and Greenbrier Presbytery for the Louisville Female Seminary.

ACTION OF THE PRESBYTERY.

The work, however, has not progressed in many quarters. East Hanover Presbytery met yesterday in special called session and engaged in a discussion that continued about two and one-half hours. The members present were: Dr. Jore Witherspoon, Rev. W. S. Campbell, Dr. Russell Cecil, Dr. J. Calvin Stewart, Rev.

The report of the meeting was the adoption of the following paper:

"The Committee on the Twentieth Century Fund would respectfully report that in view of the serious embarrassment in connection with the Twentieth Century Fund and the failure of other parts of the fund to participate in this method of raising Christian education; therefore, be it resolved:

"First, That the collections for the Twentieth Century Fund in the interests of the cause of education be discontinued;

"Second, That the balance now in the hands of the treasurer of that fund be paid, in accordance with the action of Presbytery of December 10, 1901 (Min. P. 11), to the trustees of Hampden-Sydney College, for the benefit of Hoge Memorial Academy, at Blackstone, Va., except the contributions of those persons who may prefer that their gifts go to some other institution within our bounds, and who will so notify the treasurer, Rev. J. C. Stewart, D. D., indicating at the same time the institution of their choice; be being understood, however, that this action does not affect the unpaid contributions to the lectureship fund of Union Theological Seminary;

"Third, That the Committee on the

Twentieth Century Fund be directed to prepare and send to the subscribers of this fund a circular letter acquainting them with this action of Presbytery and explaining its operation.

TOBACCO BROUGHT HOME

American Shippers to England Returned to This Country.

During the past week a hundred hogheads of tobacco have been received here through the local customs house from England, having been returned to this country by the Richmond owners for the reason that the grades of tobacco produced therein are higher here than abroad. These hogheads are tobaccos of the 1901 and 1902 crops, which were shipped abroad from this city by local exporters. The tobacco is returned free of duty on certificate of the exporters.

ENTICEMENT IS ALLEGED

Interesting Case From North Carolina Before the United States Circuit Court.

THE CONTINENTAL VS. LARUS

Court Will Hear Argument in Tobacco Case To-day. Other Causes.

The United States Circuit Court of Appeals, Judges Goff, Morris and Purnell sitting, yesterday devoted the entire day to argument of the appeal of Bailey vs. Wilford, from the Circuit Court at Charlotte, it being an appeal from the judgment of the lower court in favor of Wilford for damages against Bailey for the enticement of Wilford's daughter. The other cases on call were deferred to-day, among them being the appeal of the Continental Tobacco Company vs. Larus & Bros. Company.

The case argued yesterday was as follows:

No. 534. P. S. Bailey, appellant, vs. Thomas P. Wilford, appellee; appeal from the Circuit Court at Charlotte, N. C. Argued by Adams, Jerome and Armfield, of Monroe, N. C. and T. P. Cochran, of Greenville, S. C. for the appellants, and by Redwine and Stack, of Monroe, N. C. for the appellee, and submitted.

This is an action brought by Thomas P. Wilford, to recover damages for the alleged enticement of Willie Wilford, his seventeen year old daughter, by the appellant, Bailey, and for harboring her in South Carolina. The jury in the lower court found for the appellee here and assessed his damages at \$5,000. The case was appealed to the Supreme Court of North Carolina, and the judgment of the lower court was affirmed by that court. Afterwards the appellant here brought an action in the State Court of North Carolina to impeach the verdict and judgment on the ground that Willie Wilford committed perjury on the trial of the case. That court refused the prayer to set aside the verdict. On October 2, 1902, the appellant here filed a bill in equity in the Circuit Court of the United States at Charlotte, alleging that the judgment was obtained by a conspiracy on the part of the defendant, his wife and daughter, and asked for an injunction against the collection of the judgment. The Circuit Court of the United States refused to grant the injunction, and the appellant appealed to this court.

The cases set for argument to-day are: No. 535. Continental Tobacco Company, appellant, vs. Larus & Brothers Company, appellee; appeal from the Circuit Court at Richmond. To be argued by J. Parker and A. H. Burroughs, of New York, for the appellant, and by Coke and Pickrell, of Richmond, for the appellee.

This suit was brought in the Circuit Court of the United States at Richmond, Va., by the appellant here to enjoin the appellee here from an alleged unfair competition, consisting of an imitation of tobacco manufactured and sold by it. The lower court dismissed the bill, and the case is before this court on the appeal of the Continental Tobacco Company.

No. 536. The United States, petitioner, vs. James D. Butt, respondent; on petition to this court for a writ of error to the Circuit Court at Parkersburg, W. Va.; to be argued by Reese Billard, United States attorney of Parkersburg, W. Va., for the petitioner, and James D. Butt, of Washington, D. C., for the respondent.

No. 540. Lombard Steamship Company, et al., appellants, vs. John H. Anderson, appellee; appeal from the District Court at Baltimore, Md. To be argued by Edward I. Koontz and George Whitehead, of Baltimore, Md., for the appellants, and by George M. Lester, of Baltimore, Md., for the appellee.

Judge Brawley, of South Carolina, and Judge McDowell, of Lynchburg, Va., will return to the city during the week to sit as a member of the court.

BAD DREAMS

Indicate Improper Diet Usually Due to Coffee.

One of the common symptoms of coffee poisoning is the bad dreams that follow when the coffee is not properly digested. A man who found the reason says:

"Formerly I was a slave to coffee. I was like a morphia fiend, could not sleep at night, would roll and toss in my bed, and when I did get to sleep was disturbed by dreams and headaches. I would wake up with headache and feel bad all day, so nervous I could not attend to business. My writing looked like bird tracks. I had sour belchings from the stomach, indigestion, heartburn and palpitation of the heart, constipation, irregularity of the kidneys, etc."

"Indeed, I began to feel I had all the troubles that human flesh could suffer, but when a friend advised me to leave off coffee I felt as if he had insulted me. I could not bear the idea. It had such a hold on me, and I refuse to believe it the cause."

"But it turned out that no advice was ever given at a more needed time for I finally consented to try Postum, and with the going of coffee and the coming of Postum all my troubles have gone and health has returned. I eat and sleep well now, nerves steadied down and I write a fair hand (as you can see), can attend to business again and rejoice that I am free from the monster Coffee. Nam, given by Postum Co., Battle Creek, Mich."

Ten days trial of Postum in place of coffee will bring sound, restful, refreshing sleep. There is a reason.

Personal Beauty

has been much written of, constantly thought of—but hitherto never really taught!

The magazines of America and Europe have published endless chapters on the subject, containing something of interest, little of scientific truth, and less of practical value to the individual.

The newspapers with their extravagant parade of omniscience have done far more to mar than make for personal comeliness.

There are but two ways for a woman to be beautiful; she must be born to it, or acquire it—and the most famous beauties of the world had no more given them by Nature than have ninety-nine women out of a hundred who fail in becoming beautiful because they do not know how to make themselves so!

Beyond all question the most notable series of papers on Personal Beauty which have ever appeared in a magazine are those by Dr. Grace Peckham Murray, now appearing in The Delineator under the title of "The Fountain of Youth."

The subject this month is "The Neck and Arms," profusely illustrated with photographs from life.

No woman young or old can fail to read this series with intense interest and personal profit.

ASSAULT CASE WAS CONTINUED

Cornelius Smith Said He Shot Because Annie Jones Wouldn't Listen at Him.

The case of Cornelius Smith did not come up in the Police Court yesterday because Annie Jones, Smith's victim, was unable to appear.

Smith is not as much concerned about the affair as the average man would be. "Why did you shoot her?" was asked him.

"Because she wouldn't listen at me," he replied.

Smith is told that a bullet was in her brain and that she was liable to die, he said.

"She won't die; the bullet will work out."

The case went over to the 29th for developments in the condition of the woman.

Twelve trap shooters, arrested by various policemen, were charged the usual fee of \$2.50 for being caught at the game.

Walter Hudgins struck Mary Bell in the street, and paid \$10 for doing so.

Louis Howard was charged \$20 for firing a pistol in a street.

And about a dozen drunks were given the usual dose.

Jacob Peterson was arrested by Officer Folkes for conducting a game of policy. The case was a clear one, and Peterson was fined \$20 and given one day in jail.

John Mahoney was sent on to the grand jury on the charge of entering J. W. Blanton's store and carrying off a lot of flour, and Maggie Alderman was sent down for six months for having the flour in her possession.

Cow Peas and Soja Beans

Cow Peas make a large yielding and most nutritious hay crop even on poor or medium land, and the roots and stubble plowed under improves both the condition and productivity of the soil leaving it in much better condition than before the crop was grown.

Mammoth Yellow Soja Beans unquestionably make the richest and most nutritious feed crop grown on the farm. Equally valuable grown either as a hay crop or for the beans. Better than linseed or cotton seed meal for fattening stock.
